To add additional children (advisees) to your account

After signing in and clicking on Insight Window, do not click on your child's name but rather "Advisee Reports" above the name. This will bring you to a screen where you can "Add Advisee". Click on "Add Advisee".

Enter the username and password of any students to be added to your Insight account. These will be available the next time you sign in.

If you have an account but forgot your password

Go to <http://angel.guerincatholic.org>

Click on "I forgot my password".

Enter the email address that is on your Insight Account. Within the hour, you will receive your username and password at the email address you have been using to check ANGEL. When you receive that information, return to <http://angel.guerincatholic.org> and enter your new username and password. Log on and click Insight Window.

For additional information on how to use the Parent Insight Window effectively or troubleshooting problems not listed above, please contact Peg Dispenzieri, Assistant Principal, at pdispenzieri@guerincatholic.org or (317) 582-0120.
