GUERIN CATHOLIC ISTEP SCORES RANK AMONG BEST IN THE STATE ***High School improves upon last year's high marks***

NOBLESVILLE, IND. — Officials from Guerin Catholic High School have announced that their ISTEP scores rank fourth in the state, with 97.2 percent passing for all tested grades in English/Language Arts and Math, which is well above the state average of 72.6 percent.

"These test scores are a testament to the academic preparation of our students," said Martin Kirkwood, the school's Director of Guidance. "It also demonstrates the hard work of the students is paying off."

Ninety-nine percent of all Guerin Catholic High School freshmen passed the Math portion of the ISTEP test, while the same students recorded a 97 percent passing rate in the English/Language Arts portion. The sophomore class posted a 97 percent passing rate in the area of Math and 96 percent of that class passed in the category of English/Language Arts.

Guerin Catholic High School students also improved in every testing category from last year, when students recorded a 93.3 percent passing rate. This year's ISTEP tests were taken on September 19-21, 2006.

"With the consistent increase in our scores over the past three years, I think we have proven that our academic program is working," said Kelly Hamilton, Assistant Principal. "I'm excited to share these results and I'm confident that this success will help to recruit the right candidate for the Principal position that we have open for next year. We have set the bar high for our students, and they are meeting the challenge. We want a principal who is just as driven."

Guerin Catholic High School's search for a principal with a strong academic record remains ongoing.
