

WHY GUERIN CATHOLIC?

"Guerin Catholic prepared me for college in several ways. I am academically fully equipped to handle the rigors of University of Notre Dame. The mindset with which the classes are taught are extremely similar to that of a college classroom. Going into college with this mindset, along with the organization and study skills Guerin Catholic gave to me, prepared me in a way that many of my college peers were not. These skills allowed me to participate in many extra curricular activities in high school while achieving success as a full IB student.

I'm most grateful that at Guerin Catholic, there is a true freedom to be yourself. This allowed me to know who I am in Christ, which has helped immensely with my decision-making in college. Guerin Catholic taught me how to notice God working in my life; year after year my faith was strengthened through this school."
