Favorite Guerin Catholic Teacher(s)

Mrs. Edwards! Even though it was Pre-cal, the atmosphere she created in her classroom with her lighthearted, fun-loving, and laugh-filled personality always managed to lift my spirits. She is one of those people that has that sunshine in them that reminds you to breathe and be happy, despite what is going on.

What I will miss most about Guerin Catholic

The core principle of Guerin Catholic, which can be summed up in a quote from St. Theodore Guerin herself. It is "to love the children first, then teach them." I'll miss and continue to admire the mission it was of the administration to care not only about our grades, but about our souls and who we become as people. I've always admired and appreciated that.
